Global  
Offices

"From strategy to delivery, we are here to make sure your business endeavour succeeds. Trust our experts." — Karl Ryan, CEO

K. Ryan Consulting (KRC) is an international company with vast expertise in serving companies all over the world. We enable companies to digitally transform and offer our partners and customers a comprehensive suite of high-quality services —ranging from consulting to implementation, support, and education.

We are a proud recipient of the SAP GOLD Quality Implementation Award, recognised for managing the largest Global IS-Auto implementation. With offices across the United Kingdom, the Middle East, and the Balkans, we serve enterprise clients worldwide with standard, customised, and tailored SAP software solutions.

## Mission

To provide clients with the highest quality SAP consulting services, leveraging deep industry expertise to achieve their business objectives. We are committed to building long-term relationships and delivering measurable results that drive success.

## Vision

To become the most trusted and innovative SAP consulting firm in the world, delivering excellence and value. We are dedicated to helping others grow — the ultimate goal for both our people and our company.

## What we do

We are a global ERP solutions provider. We serve the Manufacturing, Logistics, Warehousing, and Financial Controls sectors, delivering end-to-end SAP implementation and customisation services.

### SAP Implementation

- End-to-end ERP deployment
- SAP S/4HANA migration
- SAP Activate and Rise methodologies
- Delivered in as little as 6–9 months

### Technology Consulting

- Business process re-engineering
- Digital transformation strategy
- Solution architecture design

### Managed Support

- Post-go-live support & maintenance
- SAP system administration
- Performance optimisation
- Ongoing training & education

### International delivery

With offices in the United Kingdom, Egypt and Bosnia & Herzegovina, KRC supports clients across time zones and delivery locations.

### SAP Quality recognition

KRC is a proud owner of the SAP GOLD Quality Implementation Award and has project-managed major global SAP programmes

### Cloud implementation partner

KRC is at the forefront of cloud technologies as an implementation partner, helping organisations adopt SAP S/4HANA Cloud, SAP BTP, modern integration services, analytics and cloud-enabled transformation

### Enterprise client base

KRC has delivered for global organizations across manufacturing, automotive, pharmaceuticals, chemicals, energy, logistics and related industries

# SAP implementation methodology

We use proven  
implementation  
frameworks:

## 1 SAP Activate

SAP Activate is our primary implementation framework for S/4HANA and cloud transformation projects, supported by fit-to-standard, clean-core, agile delivery, and SAP Cloud ALM. Our team also brings legacy ASAP experience for ECC.

## Implementation phases

PHASE 1

### Discover

Understand scope  
and requirements

PHASE 2

### Prepare

Project setup  
and planning

PHASE 3

### Explore

Fit-gap analysis  
and design

PHASE 4

### Realise

Build, configure  
and test

PHASE 5

### Deploy

Go-live and  
hypercure

PHASE 6

### Run

Ongoing  
optimisation

Founded in August 2013, K. Ryan Consulting (KRC) was established with the intention of providing SAP consulting and implementation services to Fortune 500 companies — optimising their Supply Chain, Manufacturing, and Logistics processes using suitable Financial Control Mechanisms.

Our competitive advantage lies in complete dedication to SAP-related business services. With experience across hundreds of business processes, our team combines deep technical knowledge with industry-specific expertise. We adhere to ISO ratings and SABS standards, ensuring every engagement meets the highest quality benchmarks.

## Our strategy

We pursue diversified growth — vertically and horizontally integrating our operations, pursuing organic growth and strategic acquisitions to continuously expand our capabilities.

## Our Values

Respect. Teamwork. Making a difference. These core values underpin every client engagement and every internal decision we make.

## OUR CLIENTS

We are trusted by some of the world's most recognised organisations. Our client portfolio spans Fortune 500 companies and global industry leaders across manufacturing, pharmaceuticals, energy, and beyond.

- ABB Group
- Abdul Latif Jameel
- AGC Glass Europe
- Airbus
- Birds Eye – Iglo
- Bombardier Group
- British American Tobacco
- Cadbury Trebor Bassett
- Capita IT Enterprise Services
- Caterpillar Inc.
- Ciba Consumer Care
- Ciba Specialty Chemicals
- Daiichi Sankyo
- DeLaval
- Mecc Alte
- Flowserve FrieslandCampina
- GSK
- IDS Scheer
- Johnson & Johnson
- Leoni
- Lipton
- Novelis
- Olam Foods
- Roke Manor Research Limited
- SABIC – Hadeed
- Thomas and Betts
- WaterWipes

## Industries we power

Our team is equipped with cutting-edge solutions and deep domain knowledge across the following sectors:

- ✔ Automotive
- ✔ Industrial Manufacturing
- ✔ Transportation & Logistics
- ✔ Metals & Mining
- ✔ Healthcare
- ✔ Pharmaceuticals & Life Sciences
- ✔ Chemicals
- ✔ Retail & Wholesale
- ✔ Fintech
- ✔ Energy & Natural Resources

### Automotive

Our solutions address compliance, provide insights into customer expectations, and enhance overall productivity across the automotive value chain.

### Manufacturing

We facilitate technology-enabled transformation for sustainable, productive industrial operations — from the shop floor to the supply chain.

### Healthcare

With over a decade of experience, we offer solutions that enhance efficiency, patient outcomes, and competitive positioning for healthcare providers.

### Energy & natural resources

Serving Oil & Gas and Metals & Mining, we deliver data visualisation, GIS, AI-powered, and IoT solutions for modern, safe resource extraction.

# Our team

K. Ryan Consulting (KRC) fosters a dynamic, collaborative environment led by highly experienced professionals. We bring together a close-knit team of consultants, analysts, developers, systems engineers, and multi-disciplinary specialists who are committed to growth, delivery, collaboration, and innovation on every project.

Our greatest asset is our ability to combine diverse yet complementary skills. With more than 99 years of combined experience across system engineering, production, sales, logistics, and data management, our consultants work closely with ICT experts to deliver superior outcomes.
